## **FAITH, FAMILY, AND COMMUNITY: BUILDING STRONG FOUNDATIONS THROUGH LUTHERAN EDUCATION**

The ongoing societal changes and cultural shifts that we witness in our present times have sparked a growing interest in exploring the impact of education on individual and communal well-being. Lutheran education, with its focus on grace, faith, and the centrality of Christ, offers us a holistic understanding of ourselves, and by extension, has far-reaching implications for society as a whole. As an experienced catechist, whether to youth or pastoral candidates in seminary, Pastor Varvil has had the opportunity to witness firsthand the profound effects of Lutheran education on the spiritual strength of individuals, the cohesion of multi-generational families, and the transformation of the very foundations of communities. Pastor Varvil will present that by focusing on the values and principles of biblical, classical, Lutheran education, we can help individuals and communities to navigate these complex times with greater wisdom, resilience, and hope.
